

NO HASSLE Website and memberpress have partnered up to offer No Hassle clients an exclusive offer!

The existing Memberpress plugin that was previously included with No Hassle Membership & Course Platform is being phased out and terminated completely.

We have partnered up with MemberPress to offer you an exclusive option to get the Pro version at an unbelievable and unbeatable price.

Buy or upgrade to No Hassle Membership & Course Platform Pro and get all the features of MemberPress Pro for just \$150/annually (instead of \$799!)

And to make this an even sweeter deal - we are including No Hassle Funnels (\$99) for FREE*

EXISTING CLIENT

Nothing will change for you until the end of 2023! On January 1, 2024, you will have 3 options:

- To do nothing, in which case all will remain the same (your clients will have access to your courses & memberships), but you will not be able to edit anything in MemberPress. You will not be able to update courses, payments, create new things etc.
- To upgrade to the No Hassle Membership & Course Platform Pro at a VERY very special price of just \$150 (compared to the regular price of \$799), and renew this every year (or cancel at any time).
- To do nothing on Jan. 1, 2024, but upgrade to No Hassle Membership & Course Platform Pro when you are ready.

HOW WILL IT WORK

You don't need to do anything now! At the end of Dec. 2023, you will see a notification on the backend of your website, that the license is going to expire and you can then choose if you want to upgrade to No Hassle Membership and Course Platform Pro for \$150/annually.

The upgrade will be done by you paying us and we will provide you with your own individual unique license key (+you will get No Hassle Funnels* for free!).

Your upgrade will be renewed automatically 365 days later, unless you cancel.

Once you cancel, your license will expire (after the 365 days pass), and your clients will have access, but you will no longer be able to edit or access anything in MemberPress.

PRICE

\$150 AT TIME OF UPGRADE TO NHP PRO

NEW CLIENT

- You will be able to buy No Hassle Membership and Course Platform Pro at any time, but the pricing will be different than it was in the past.
- You will get No Hassle Membership & Course Platform Pro for \$99 as usual (one time cost), and at the same time, you will purchase the license to MemberPress Pro for \$150.
- The license key of MemberPress, will be renewed each year for \$150, or you can always choose to cancel the renewal at any time.

HOW WILL IT WORK

You will place an order for No Hassle Membership & Course Platform Pro. You will pay at the time of purchase \$99+\$150. The \$99 is a one time payment and the \$150 is for the MemberPress license and is renewed annually until you cancel it.
